

Child Case Form

Instructions: Think of a child in your setting (e.g., home, school, child care center) who is “out of control”. Complete the following:

Child Name (use alias): Tim

Child Behavior:

Makes verbal threats

Hits peers / teacher

Throws toys

Destroys toys

What does the “out of control” behavior look like:

When Tim gets angry, he becomes aggressive and hits an adult or peer. He makes verbal threats.

Describe a specific situation when this “out of control” behavior occurred

One morning, Tim’s peer took a block out of the box. Tim hit his peer and grabbed the block out of his peer’s hands.

How was the “out of control” behavior handled by the adults?

Tim’s peer was removed from the center.

Can you think of reasons why the child may be “out of control”?

He has difficulty expressing his emotions. He doesn’t know how to share.

Questions I still have about the behavior:
