Welcome from Co-Chairs

The Illinois Division of Early Childhood Sharing A Vision conference invites you to be a sponsor or exhibitor at the 2023 conference. Sharing A Vision, fondly referred to as SAV, speaks to those raising, caring, and guiding the development of all children, birth – age 8 years old, with or without disabilities.

Sharing A Vision (SAV) has been providing high quality professional development on hot topics and need to know information for early childhood professionals and families since 1991 in order to improve practices and policies for young children. This collaborative biennial conference provides exhibitors and sponsors an opportunity for networking and understanding the needs of early childhood professionals. SAV also acknowledges the outstanding professionals in the field by accepting nominations for the Jeanette A McCollum Award and the Family Engagement Award to honor two professionals that have made significant contributions on a state, regional, or local level which have improved or will improve the lives of young children with disabilities, their families, or those who work on their behalf.

During the past few conferences, SAV has brought together more than 800 professionals from Illinois. In order to engage participants, there will be a dedicated Exhibit Hall Grand Opening with giveaways and fun activities to encourage people to gather and explore vendor booths.

For specific questions, please contact the SAV Sponsor/Exhibitor co-chairs at savexhibitsponsorship@gmail.com for questions.

Mission of IDEC

The **Division for Early Childhood (DEC)** of the **Council for Exceptional Children (CEC)** is a nonprofit organization advocating for individuals who work with or on behalf of children with special needs, birth through age eight, and their families. Founded in 1973, the Division is dedicated to promoting policies and practices that support families and enhance the optimal development of children. Children with special needs include those who have disabilities, developmental delays, are gifted or talented, and are at risk of future developmental problems.
